--- End of Grade Report ---

## INFORMATION AND EXPLANATIONS

This document was printed by the student or his/her authorized designee.  Students may obtain official copies of this grade report from the Syracuse University Registrar's Office at the address noted above.
**Grades:** Passing grades are A, A-, B+, B, B-, C+, C, C-, D, and P; F signifies failure of the course; I signifies that some part of the work is incomplete; V signifies a variable length course still in progress. Credit is earned with a P (pass) but is disregarded in determining the grade point average.
**Symbols:** AU indicates that the course was audited; NA signifies that the student never attended the course: NR signifies that a grade is not required for the course; RM indicates a remedial course for which no credit is earned; WD signifies withdrawal from a course; VC under credit hours indicates course titles under which various elements are taken and a range of credits may be earned; each element of the course, with its credit and grade, is listed separately on the grade report and transcript.
**I and V Grades:** When the student completes the coursework the instructor will report the grade to the Registrar, who will replace the I or V grade with the final grade for the course.  Incompletes are calculated as F's; V grades are not calculated in the gpa.
**Missing Grade:** Consult the instructor if you wish to know why a grade is missing.
**Error in Grade:** If you believe that an incorrect grade was reported for you, consult the instructor.  Grades are changed only to correct a clerical error.
**Semester Credit:** The academic calendar is based on a system of semester hours.  A unit of credit is granted for the successful completion of a course carried for one hour of classroom instruction per week for a semester of not less than 15 weeks, or the equivalent.
**Grade Point Average (GPA):** The GPA is calculated by dividing grade points by hours to GPA.
**Flags:** Entries in this column indicate that this class has been marked for special consideration. The chart below explains each flag type.

| FLAG | DESCRIPTION |
|---|---|
| ar | Course credit is not included in Units Earned or GPA Credits and grade points are not included in GPA calculation, in accordance with Academic Renewal policy. |
| g | This is a graduate level course taken by an undergraduate who has not been admitted to a graduate program at SU.  It is not used to fulfill undergraduate degree requirements. The course credits are included in the units earned, GPA credits, and the grade points are included in the GPA calculation. |
| gn | This is a graduate level course taken by an undergraduate admitted to a graduate program at SU. It is not used to fulfill undergraduate degree requirements and is transferred into the matriculated graduate record.  Course credits are not included in Units Earned or GPA credits and grade points are not included in GPA calculations. |
| n | Course credit is not included in Units Earned or GPA Credits and grade points are not included in GPA calculations. |
| r | This is a retaken course and the credits and grade points are included in all calculations. |
| un | This is an undergraduate course taken by a graduate student.  It does not count towards a graduate degree. |
| X | The F grade on this class is the result of a violation of the Academic Integrity Policy. |
